

Accessibility Statement for Llanfair Waterdine Parish Council Website

This website is run by Llanfair Waterdine Parish Council. We want as many people as possible to be able to use this website. The website layout and text has been made as simple as possible to understand. Visitors should be able to navigate the website using just a mouse, mouse pointer and keyboard. The government has produced an excellent guide for disabled computer users. This can be found at AbilityNet (<https://mcmw.abilitynet.org.uk/>) It has detailed advice on making your device easier to use. This covers such things as making your screen images and text larger, using a text reader to convert text to sound, using Voice Recognition to control your computer, increasing mouse pointer sizes etc. etc.

It should be noted that scanned documents, for example the Annual Governance and Accountability Return (AGAR) under Accounts; and documents supplied from external sources; for example, Standing Orders and Financial Regulations (supplied by the National Association of Local Councils) are not in an accessible format and do not comply with the Accessibility Regulations. These documents can be provided in an alternative format, or on alternative media, on request to the Clerk.

Technical Information about this website's accessibility

Llanfair Parish Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No 2) Accessibility Regulations 2018.

This website is compliant with the Web Content Accessibility Guidelines version 2.2 standard. Following a detailed examination of our website's features against the detailed government checklist we have identified some areas where we are not fully compliant

- There is only one way to find content (i.e. no search engine)
- ARIA* (see below for definition) markup has not been used
- Where extra content is shown or hidden on focus, it cannot be dismissed, interacted with (and not disappear when the user moves to it) and does not stay visible until dismissed by the user.

These items have been discussed with our Website designers who are currently working on a rebuild which will incorporate ARIA markup standards and make us fully compliant.

How we tested this website.

The website was tested in March 2026 using Google Lighthouse and the WAVE toolset (wave.webaim.org).
